**AMERICAN WOODMARK'S ORANGE COUNTY MANUFACTURING FACILITY  
CELEBRATING 50 YEARS**

ORANGE COUNTY, Va. – For half a century, American Woodmark's Orange, VA, manufacturing facility has been a cornerstone of the company's success. From humble beginnings in 1973 to becoming one of the largest cabinet manufacturers in the United States, the Orange facility has played a critical role in delivering high-quality, affordable cabinets to customers across the country.

American Woodmark takes great pride in their commitment to sustainability, and the Orange facility is no exception. From recycling waste materials to using energy-efficient equipment, they are always looking for ways to reduce their environmental impact while maintaining the highest standards of quality and craftsmanship.

"Our success is only made possible by our team members' hard work and dedication. Many of our team members have been with us for decades, and their expertise and attention to detail are what sets our cabinets apart. We're proud to provide a safe, supportive workplace where our employees can thrive and grow. Over the past 50 years, we've faced many challenges and overcome countless obstacles, but our commitment to excellence has remained strong. We're proud to be a part of the Orange County community and grateful for the support of our customers and partners across the country," stated an American Woodmark representative.

American Woodmark continues to innovate and improve to meet the ever-changing needs of their customers and the industry. The Orange, VA, manufacturing facility plays a vital part in the company's success now, and will for many years to come.

"We are thrilled to celebrate American Woodmark's 50<sup>th</sup> anniversary with them and support their continued growth. Their success is extremely important to our community. For years, American Woodmark has been a major employer of County residents, and this remains the same today," noted Rose Deal, Director of Economic Development and Tourism.
