CENTRAL VIRGINIA WINE TOURS & TRANSPORTATION, CELEBRATES 10TH ANNIVERSARY

Orange County, VA – Central Virginia Wine Tours & Transportation is celebrating their 10th anniversary. Locally owned and operated by Stephen and Jenny Sanford of Orange, Virginia, Central Virginia Wine Tours & Transportation was started in 2012, when Stephen realized there was a need for transportation services in the region. Beginning with a six passenger Cadillac Escalade for tours, the business soon evolved and the inquiries for transportation continued. Over time, Stephen expanded his fleet to another SUV and a Minibus and extended the service regions to include Charlottesville, Madison, and Culpeper. Today, Central Virginia Wine Tours & Transportation has a fleet of six (6) vehicles, ranging from an SUV to a 24-passenger shuttle bus.

From wineries, breweries, and cideries to wedding/event venues to chef and family-owned restaurants, supporting local establishments has been at the forefront of their services. Stephen Sanford, owner of Central Virginia Wine Tours & Transportation, noted, “What better way to help our local economy by providing a service for guests coming to visit this beautiful area!”

“We are thankful for Stephen’s vision to bring a transportation business to Orange County. This is a much-desired service for County residents and visitors alike and supports our growing wedding industry and tourism industry partners,” noted Rose Deal, Director of Economic Development. You can get more information for any tours or group events by visiting their website at centralvirginiawinetours.com or send inquiries to centralvirginiawinetours@gmail.com.
